2025-2026 Tuition

Grade Level	Variable Tuition Range	Full Tuition	Fees		True Cost of Education
	Application Required Via Facts for all families seeking Variable Tuition	This reflects grants from parish contributions and fundraising. Families who do not wish to apply for Variable Tuition pay Full Tuition.	All student curricular and programming fees have been combined into a single, predictable, up-front fee! This fee will be automatically rolled into your selected FACTs payment plan, so families electing into a ten or twelve month payment plan can pay this fee over time.		This reflects our actual cost of education before any grants from fundraising or parishes. Families wishing to pay the full cost of education can make a contribution to their school for the difference of the cost to educate and full tuition.
