Important Notes:

Dual enrollment courses are offered based on availability after traditional undergraduate registration is completed. Questions regarding course availability can be directed to Heather Greer at heather.greer@arbor.edu or by calling 517.750.6697. A dual enrolling student must be registered at least two weeks prior to the start date of any online course to ensure adequate time for student account activation and the purchasing and receipt of required books. Spring break dates may differ between SAU and a sponsoring high school, but the student is still responsible for all required assignment submissions during those timeframes.

*Tuition costs for any religious courses are not covered by the Michigan Department of Education dual enrollment funding. Other restrictions may apply. For more information regarding Michigan dual enrollment eligibility and funding, please review the information provided on the Michigan Department of Education website.

**If available, CHE142 is recommended for students interested in later majoring in Nursing as undergraduate students – course fees may apply.
